Core Principles *(Our principles inform how we live out our mission)*

Our core principles are based on Catholic social teachings and inspired by Saint Josemaria. They inform how we live out our mission, promoting and upholding:

- the personal freedom and responsibility of every individual.
- the dignity of each person from conception to natural death and their entitlement to be treated with love and respect.
- the importance of the family in creating a strong society.
- that women hold a central role in the family and so helping women flourish will also help families and society flourish.
- the empowerment of women through equal access to opportunities.
- that skills and personal development are anchored in strengths of character and a strong moral compass.
- the value of work done well and of attentiveness to the little things as a service to all.
